# RECORD REVIEWS

BY Joe Pollara

Thanx to: Mark Nichols & Marc Hormuth

UPRIGHT CITIZENS (open eyes, open ears, brains to think, and a mouth to speak) What a band! These guys rage song after song. This is an incredible international band. One of 85's best.

THEM BONERS ARE POPIN (comp.) Verbal Abuse, Special Forces, The Boneless Ones, Fang, Blast, and Tales of Terror. This 6 band comp. has 2 to 4 songs of each band. Some of these songs are very rough sounding.

N.O.T.A.- If you like variation of style in a record, this one's for you: post-punk to today's hardcore, it's there. And they HATE COPS.

DOGGY STYLE (side by side) These guys are crazy! But nevertheless serious. They're pretty rad and should be checked out.

MORALY BANKRUPT- This one's for you "Big Boys" fans. A few thrashy licks and some hungry punk.

DEAD AIM (Blood is Sweet) This cass. is loaded with V.B. metal style Hardcore (with lyrics)

M.I.A. (Notes Form the Underground) Nice clean-cut record which I expected to be of phycidelic punk fashion; but they didn't slow down that much at all.

C.O.C. (Animosty) Most of you know how full of energy these guys are. So the only thing I can say is if you don't have it you don't know what your missing.

# SKATE SPOT

The Ditch

The ditch is a drainage ditch that runs parallel to the highway. It is right next to the Price Club. It is being shredded everyday. It's made out of cement and has a parking curb on top of it. If you come back toward the blvd. a little behind Colortile there is a continuation of the main ditch. This ditch has channels and some wood set up for rolling out and aciding in. If you get a chance check these out.

## PRODUCT Patrol

Watch out for these new Hosoi's. They are breaking left and right. OJ's are very fast but very slippery on fiberglass. Raven Boards seem to be holding up good. The extra concave is great. Lester's new model is made very well. It has a steep tail making it a good ramp or street board. **LATER**

# SCENE REPORT

(Music)

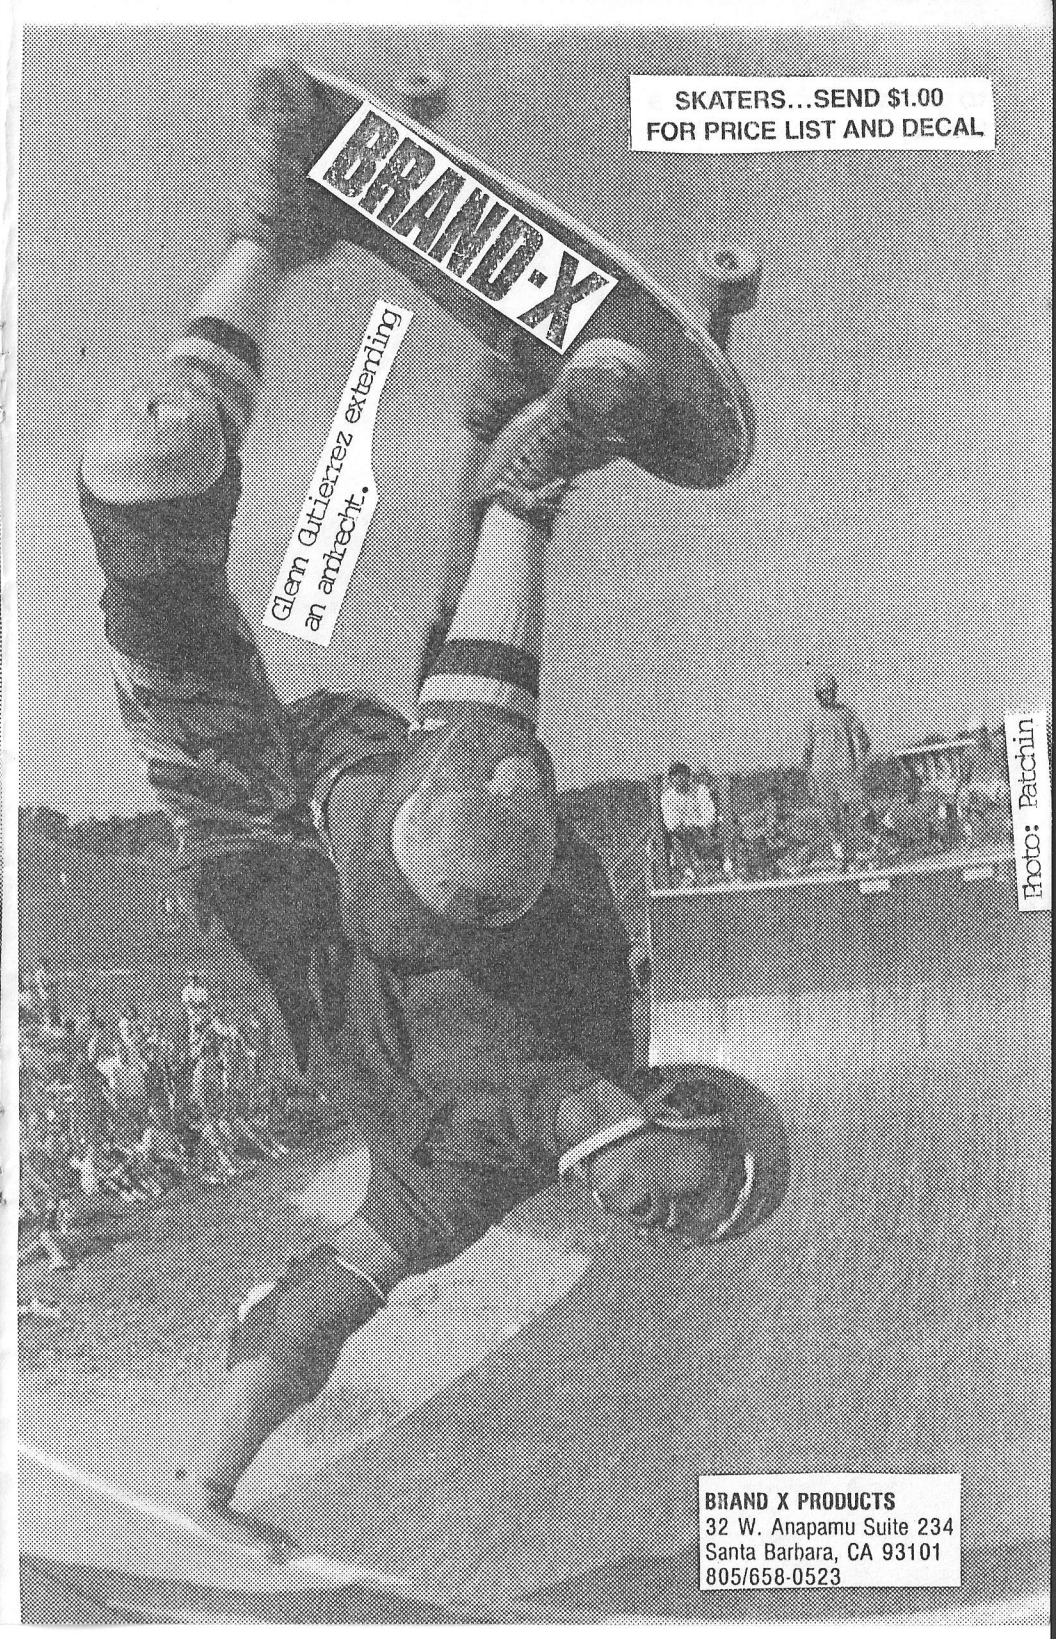

V.B.'s scene report is not the greatest due to lack on concerts. Gang Green with our own Disarm just played recently at Dominics. Circle Jerks just played in Richmond. Well that is about it. Diaarm took a trip to Maryland to play with some speed metal bands. Dead AIm has their tape and T-shirts at Mother's record and taped. Demand to see them. For those of you who like metal, Iron Maiden will be here in concert soon. Slayer has a new album out. Later

CAMBODIA III RAMP  
FT. LAUDERDALE

CONTEST

CONTEST

It was 1am, Dec. 27; I was at Hechingers in Norfolk waiting for the 17th bus to arrive. The bus finally got there and we got on it. This was no ordinary bus; it had tables and a TV set. We finally were off, only 18 hours of driving ahead of us. We finally made it at 7pm. We got to the ramp and signed up for our practice session. A lot of people were there. The ramp was 24ft. wide, 12ft. of flat, 3ft channel on one side near the middle, 2 4ft. wide 1½ft. high extensions, 9ft transitions with 1ft. vert, pool and metal coping, and polyurethane over the wood. We skated till 10pm. There was a lot of tough competition to be seen. We got back on the bus and headed toward Mongo's house. Mongo is the coolest. We had frozen pizzas waiting for us. We settled down and ate. A couple of people went to sleep. Me, Beaz, Oscar, and Lee went street skating. The killer bank was found. A painted parking curb was on top of it making it possible to do major grinds. We skated for a while and then went back to Mongo's house. Mongo took a couple of us to the beach in his convertible rabbit. The beach was happenning. Many hot girls were seen. We left the beach at 1:30am. We went back to Mongo's house and crashed.

Mongo's house and a glimpse of the bus that got us there.

# cont.

The next day we woke up around 8am and went to Burger King for some croissants and french toast. We got to the ramp about 9am. 15 and under got to practice. After that the contest was under way. 15 and under was first. A kid from Kona was flowing airs and high fakie ollies during his two 45 sec. runs. He took first. Second place went to our own Serge who did high backsides, one footers, and air walks. Serge broke his wrist during all of this. He was taken to the hospital where a cast was put on his arm. Third place was given to Lee Thomas who in my opinion should have taken first. His first run was perfect and his second run was more of the same. Lee flowed inverts, mute airs, lein airs to tail and a frontside boneless.

Lee one footed frontside  
air across the channel  
putting him in 1st in  
the 15 and under division.

Photo : Patchin

Well done Lee. I don't remember who got 4th but Jr. Pernites, another V.B. local, got 5th. Jr. did airs, inverts, and an eggplant across the channel. That was it. Almost immediately after that it started to rain. After about an hour of waiting on the rain, 16 to 19 year old warm-ups were on the way. After our warm-ups the contest began. 1st place went to a local named TR. He floated head high backside and frontside airs. 2nd place also went to a local. This guy, Paul Shyder, was a ripper. Head high airs, stand up grinds, and 50-50's.

and stylish  
tricks seen

Dennis. Mute to

was about 5pm. That finalized the  
skating for this day. We waited around in the rain  
for about 2 hours for our bus. We stopped for a  
bite and then went to Mongo's house. Oscar had already been  
thrown in the pool and before the night was over Charlie was  
to be thrown in too. We partied for a while and then went to  
bed. Many pranks were played that night, even on yours truly.  
The pranksters were Serge and Mike B. But they would get  
theirs before the trip was over. Sunday we woke up late. We  
couldn't skate till noon because of the church being next to  
the ramp. We ate doughnuts, courtesy of Mongo, and drank some  
good wholesome milk. We finally left for the ramp. The ramp  
was a little wet from the night before. After a little bit  
of fakieing on it, it was ready for 20 and over to have their  
practice and then their jam. Chris Griffiths, a local, was  
the winner here by no doubt. Chest high frontside ollies over  
the channel and miller flips won it for him. I am not sure  
about the other places. Sorry guys. Next was rollerkating.  
Jimmy Scott, from Cal. took 1st. He did McTwists and a good  
720 attempt. Brian Wanyewright got 2nd. High airs and his  
famous stalled handplants were seen. After rollerskating, the  
sponsored ams. started warming up. During the qualifying runs,  
Mike Crescini did a nice tree plant. Finally the jam was here.  
V.B. local, Al Midgette took 1st. He did high japan airs, sad  
plants, and backside one footers. 2nd place was taken by Buck  
Smith. High backside airs (highest backside trophy was  
given to him), and fakie ollies across the  
channel put him in this spot. Ramp

rides with no bails. Backside airs  
eggplants were but a few  
from him. 4th was won by

owner, Dave Schroeder, placed 3rd. He flowed this ramp like no one else. Nice job Dave. Mike Speranzo came in 4th. He did some high airs. 5th place was taken by Henry Guiterrez who also did some high airs. Mike Crescini recieved 6th. He did some nice frontside inverters. Ray (don't remember his last name) got 7th. Phil Borgoyne, all the way from England, took 8th. He does some good layback airs. Trophys and prizes were given out next. There was a sticker slam before the trophys were given out. We then packed up and headed home. We didn't go to Kona like we were suspose to. WRV team went there and they said it was great. The bowl was so smooth. We got home about 3pm in the afternoon on Monday. The bus dropped us off at Trashmore. The bus never left Trashmore. It quit and wouldn't start for nothing. I guess the bus got cursed for not stopping at Kona. But anyways it was fun.

New Future Primitive Bones video out. It is bad and a must for all skaters. Tony does his 720 in it. Visions Terror in Tahoe is their most recent video out. Lester has one of his best rides every. Christian is ripping too. Watch for Canada video next. Christian won Canada contest if you don't already know that. Godoys are on Atlantic skates these days. They were here a couple of days ago. They have long hair now. Cambodia contest had a good turnout but the contest was run poorly for the unsponsered skaters. 10 bucks for two 45 second rides. Come on guys at least you should of had a jam. Serge broke his wrist on this contest and Eddie split his knee open again. Bum deal guys. Al Midgette took first place at Cambodia. Florida's skate scene is rad. A lot of punks and skaters there. Cool. Raven Skateboards now have more concave. Well alright. Christian Hosoi is now happy with skull skates making his boards. They now are made much stronger by using more plys and good ol Canadian hardrock maple. Way to go skull skates. Lester's new model is rad. It is similar to christian's but has a round tail and squid nose. Watch for another contest at Dan's ramp in March. Watch for my new T-shirts soon to be for sale, maybe. I hope you got your hands on one of my stickers from WRV because there are no more. Well, Later. D. Patchin(editor)
